

PRODUCT ANNOUNCEMENT

February 16, 2006

To: VPI Distributors

Subject: CUSTOM COLORS - WALL BASE & STATIC CONTROL TILE

Effective February 27, 2006 the following changes will apply to our standard policy on custom colors for wall base and static control tile.

Wall Base Custom Color Requirements:

Minimum custom color order quantities for wall base in rubber or vinyl will increase to 144 cartons, regardless of height or profile.

ESD Tile Custom Color Requirements:

Minimum custom color order quantities for static control tile will increase to 10,000 square feet for 12 x 12 tiles. Other tile sizes are not available to be custom colored.

A non-cancelable purchase order must be placed at the time of any custom color request. To assure customer satisfaction, shipment will only occur after a sample of the custom color match has been approved & signed off by the customer.

Sincerely,

Thomas H. Reese

Vice President - Sales
