

LEED CREDIT CONTRIBUTION

VPI RUBBER FLOORING AND RUBBER FLOORING ADHESIVES

IEQ Credit 4.1 – Low-emitting Materials: Adhesives and Sealants

Per this requirement tile adhesives must have a VOC Limit of 50 g/l. Per specified testing methods VPI tile and wall base adhesives emit ZERO detectable VOC's and can contribute to IEQ Credit 4.1.

VPI 100 (0 g/l calculated VOC's)
ECO 560 (0 g/l calculated VOC's)

MR Credit 4.1 and 4.2 – Recycled Content: (post-consumer + 1/2 pre-consumer)

Per this requirement and with a 3-5% pre-consumer recycled content VPI rubber floors may contribute toward MR Credits 4.1 and 4.2

MR Credits 5.1 and 5.2: Regional Materials: Extracted, Harvested & Manufactured Regionally

Depending on installation location, VPI rubber flooring may contribute towards MR Credits 5.1 and 5.2. Please call VPI at 1-800-8744240 for additional information.
